## THE WINE

9 600 bottles or 800 cases

This full bodied, dry wine of a clear ruby red color with purple nuances, is very often referred to as "The Sun's Child". The nose is full of rich fruity aromas of blueberry, blackberry and plum, followed by aromas of mediterranean spice such as mint and basil, and some oregano. The texture is complex, layered with fine aromas of vanilla and dark chocolate, plums and figs, as well as some earthy elements.

The finish is long, with notes of berry fruit and black pepper. It is differed by very fine minerality and freshness.

## THE PLEASURE

Well balanced with a long finish.  
The perfect partner for grilled red meat and sauces,  
aged sheep cheese and soft-ripened cow cheese.

It is Dalmatian tradition to serve these kind of reds  
with grilled oily fish, such as sardines, or tuna.

Enjoy in a Burgundy glass at 16°C/61F
